Interview Summary

Paper No. 20070629

Continuation of Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments: Applicant will comply with the requirement for information about atmospheric correction by removing this element from the claim, rendering the requirement moot. Applicant will comply with the requirement for information about solar illumination correction by disclosing the Landsat-7 algorithm. Applicant will remove the reference to U.S. Application Number 10/019,459 because this reference should have been made to U.S. Application Number 10/720,290. Applicant will amend claims 9-12 and 17 so that they are in means plus function style as recited in the disclosure as originally filed in order to remove the new matter.
